Attached are some materials for Adm. Turner as a follow-up to our Tuesday briefing. [redacted] stated this morning that Adm. Turner is quite a reader and suggested we send Adm. Turner things to look at including the Congressional Budget (also attached). We look to you to transmit these sensitive materials to Adm. Turner in a secure manner.

I assume that in the process of pulling together President Carter's comments made during the campaign that you are including any statements he made re budget secrecy.
